

## General regulations for fishing in Surna

NB: There might be some special rules for some of the different beats.

1. All who have paid fishing tax can buy a fishing licence for this river. By purchasing a fishing licence, you as the buyer must have read and understood these rules. Breaches of these regulations are considered a criminal offence, cf LOV 1992-05-15 nr. 47: Lov om laksefisk og innlandsfisk m.v. Kap. XI §49.
2. Always bring your fishing licence with you while fishing.
3. All fishers must start their fishing at the highest point in the beat or by placed marks. All fishers must move WITH the stream 2-3 meters after each throw. This counts for both sides of the river.
4. All fishers must know the borders between the beats. All fishers must stop fishing before the bait reaches the next zone.
5. Only travel by roads or marked paths, never cross fields.
6. Dispose of all garbage in the nearest trashcan, not in the nature.
7. All fishers must report their catch. Fishing licence with catch report must be handed in.
8. Beat maps and lists over allowed equipments for the different beats, can be found where you bought your fishing licence.
9. Rule 3 does not count on spots marked for handicapped people.
10. Fishing from public roads and bridges is forbidden.
11. All fishing equipment which have been used in other water courses must be disinfected before it is used in Surna. Ask for this when purchasing fishing licence.
